

A Better Payroll Experience

Automate and outsource the administrative burden of payroll and tax functions so you can focus on growth.

Get more with Asure. As an Asure payroll customer, you not only get access to a full-service payroll and tax solution that's designed specifically for small to mid-sized businesses, you also gain the highly rated support of our dedicated team.

Cloud-based Payroll that Grows with You

Whether you have a handful of employees or hundreds, the Asure payroll solution will keep pace with your needs as your business expands. Our mobile-friendly, cloud-based software is scalable, reliable, and equipped to handle both simple and complex payroll and tax management needs.

"Payroll tasks can be overwhelming. Asure helps bring peace of mind to the entire payroll process." -G2 Review

Full-Service Payroll

Automate routine payroll management tasks like wages, payroll deductions, garnishments, direct deposits, and tax code compliance. Our General Ledger integration also simplifies your reconciliation process, eliminating dual data entry.

Payroll Tax Filing

Taxes can be complicated. Protect your business from costly compliance mistakes. We file taxes on your behalf while our tax experts ensure our systems are always up to date with the latest federal, state, and local tax requirements.

Personalized Support

Sometimes bigger isn't better. Larger payroll providers struggle to deliver the service their business customers expect. At Asure, you'll experience the premium service you deserve with dedicated account support team.

Easy-to-Use Reports

Access key business information wherever you need it. Asure provides a variety of easy-to-access reports essential to business operations, including pay reports, tax reports, deduction reports, PTO reports, and general ledger interface reports.

Employee Self Service

Save time by empowering employees to access their data online. Our ESS works on desktop and mobile so your team can view and update personal information, review paychecks, and access W-2 information wherever and whenever it's convenient.

Reliable & Secure

Your data remains secure, safe, and compliant. Asure applications are hosted and protected with the leading provider of cloud storage, Amazon Web Services. Our system controls ensure security, availability and peace of mind.

Our solutions work as hard as you do.

Asure's comprehensive suite of Payroll & HR solutions deliver everything your growing business needs to **manage talent**, **stay compliant**, and even **access capital**. How can we help you grow?
